

475 Pro Series Reverse Osmosis System

Premium Features. Economically Priced!

A Reverse Osmosis Drinking Water System is our most popular solution for homeowners who want high quality water but want more convenience and economy than bottled water provides. The compact system is installed under your kitchen sink or in the basement below and provides clean, great tasting water to a dedicated faucet at your kitchen sink. Systems come with a standard faucet or choose a designer faucet to match your décor.

Bottled Water Quality Right At Your Tap:

- ✓ Remove bad taste & odor such as those caused by chlorine & chloramines
- ✓ Remove impurities as small as an atom
- ✓ Drink more water and less pop
- ✓ Perfect for drinking, cooking, juice, coffee, tea, ice cubes, pets & plants
- ✓ No lugging or storing heavy bottles
- ✓ A fraction of the cost of bottled water

Healthy
Convenient
Economical

Fast, Easy Maintenance!

Quick connect disposable cartridges and membrane make for easy 'Do-It-Yourself' maintenance. With built in auto water shut-offs there is no need to turn off the water supply prior to maintenance.

Because traditional systems require the disinfection of the permanent housing canisters and involve more direct human contact, maintenance can take as much as an hour and if not done properly can result in a contaminated system. Disposable cartridges change in seconds and are safeguard against contamination!

475 Pro Series With
Booster Pump

Pro Series Drinking Water Systems	
Item #	Description
20010023	475 PRO Series RO system
20010024	475 PRO Series RO system w/BP
Replacement Filters & RO Membrane	
Item #	Description
65010086	SED-10 (Sediment Filter - 5 Micron)
65010088	COC-10 Coconut Carbon (Pre & Post Carbon - 10 Micron)
70010014	RO Membrane 75 GPD TFC
65010087	CB-10 Carbon Block (Optional Filter - 10 Micron)
65010089	GAC-10 Granular Carbon (Optional Filter)

Features:

- Four stage filtration: 5 micron sediment pre-filter, 10 micron coconut carbon pre & post filters, quick connect 75 GPD NSF Certified TFC membrane
